Exterior Frame Products

The
EverMark Advantage

Evermark frame products provide solutions to all your exterior door requirements. Beautifully crafted, double primed entry door frame components give you the workability and warmth of wood. A wide array of sizes and options allow for flexibility and control – from inventory to installation. It all adds up to the quality parts you need, made the way you want.

Jamb

Accurately crafted exterior wood door jambs in standard or custom sizes with white or stainable beige double-primer. Options include factory applied hinges, security plate and weatherstripping, and “EndSeal”, which protects the bottom of jambs from water penetration.

Frame sizes available:
Nominal sizes (all).

WIDTHS	HEIGHTS
4-9/16"	6'8
5-1/4"	8'0
6-9/16"	

- Machining Options include hinge prep mortising, strike and deadbolt prep and pilot holes.
- Component options include pre-installed security strike plate, hinges (US2-D, US3/4, primed, US4 and many others) and weatherstripping (compression or magnetic, both in beige or bronze).

Mull

Attractive and primed to your specifications, mullions are available with factory applied hinges and several weatherstrip options. Available with “EndSeal” at bottom of mull.

Mull sizes available:
Nominal sizes (all).

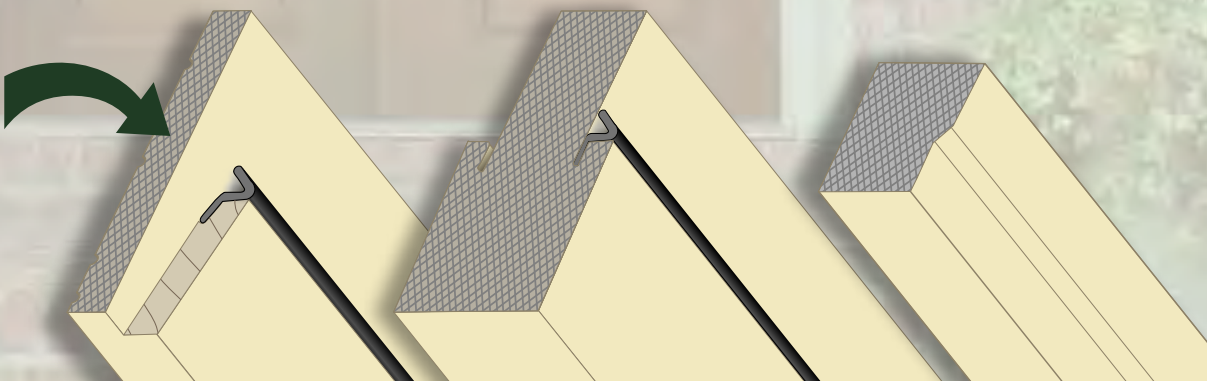

WIDTHS	HEIGHTS
1" x 2" x 4-3/8"	6'8
1-1/2" x 2-1/2" x 4-3/8" <i>Fat Boy</i>	8'0

Trim

Beautifully crafted brickmould complements your other Evermark frame components. Standard profiles are primed, ready to paint or stain and easy to apply. Miter cut, “EndSeal” and various lengths available.

“EndSeal”

Provides jamb, mull and trim bottom with long lasting protection from water and insect damage by sealing bottom end-grain of jamb with durable moisture resistant coating.
