

EverMark

Exterior Frame Products

See back for details.

Jamb

Accurately crafted exterior wood door jambs in standard or custom sizes with white or stainable beige double-primer. Options include factory applied hinges, security plate, weatherstripping, and “EndSeal”, which protects the bottom of jambs from water penetration.

Mull

Attractive and primed to your specifications, mullions are available with factory applied hinges and several weatherstrip options. Available with “EndSeal” at bottom of mull.

Trim

Beautifully crafted brickmould complements your other Evermark frame components. Standard profiles are primed, ready to paint or stain and easy to apply. Miter cut, “EndSeal” and various lengths available.

“EndSeal”

Provides jamb, mull and trim bottom with long lasting protection from water and insect damage by sealing bottom end-grain of jamb with durable moisture resistant coating.

It's all part of the

EverMark Advantage

- **Quality Frame Components**
- **Customer Specific Fabrication**
- **An Array of Accessory Options**

Evermark exterior frame components are beautifully crafted and double-primed, providing the workability and warmth of wood while also providing cost-effective solutions. A wide array of sizes and options give you flexibility and control—from inventory to installation.

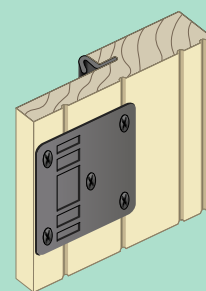

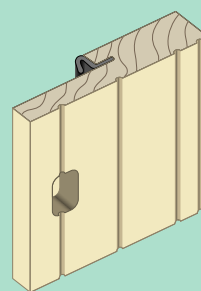

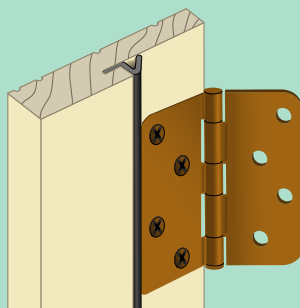

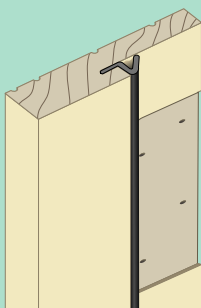

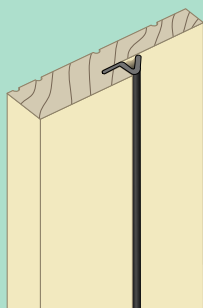

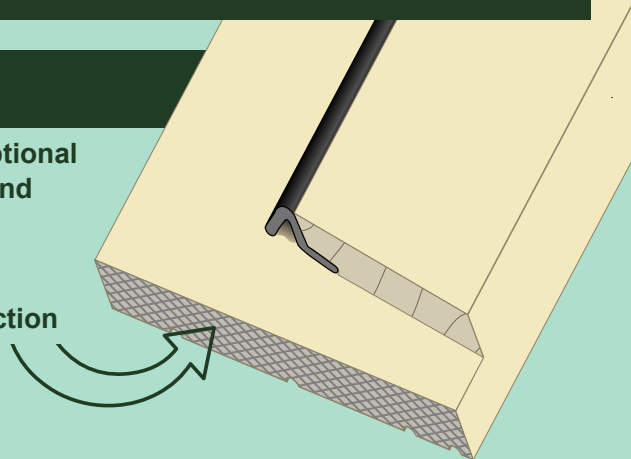

Jamb

Exterior door jamb combining quality double-primed wood with an optional EndSeal for improved protection from moisture. Accurately crafted and available in standard widths with hinges, security plate and factory-applied weatherstripping.

- Sturdy finger-jointed pine with optional EndSeal for improved protection against moisture and insects.

• Frame sizes available <i>Nominal sizes</i>	WIDTHS			HEIGHTS	
	4-9/16"	5-1/4"	6-9/16"	6'8"	8'0"

- Machining options include hinge prep mortising, strike and deadbolt prep and pilot holes.

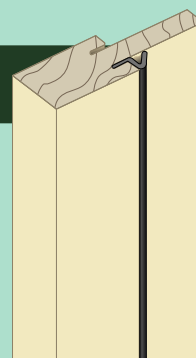

- Options include pre-installed security strike plate, hinges (US2-D, US3/4, primed, US4 and many others) and weatherstripping (compression or magnetic, both in beige or bronze).

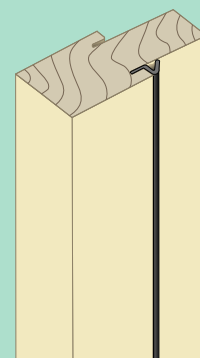

Mull

Attractive and primed with optional EndSeal for improved protection from moisture. Like Evermark jambs, mullions are available with factory-applied hinges and several weatherstripping options.

• Mull sizes available <i>Nominal sizes</i>	HEIGHTS	
	6'8"	8'0"

1" x 2" x 4-3/8"

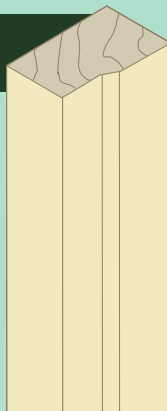

1-1/2" x 2-1/2" x 4-3/8"

Trim

Precision moulded brickmould complements your Evermark jambs and mulls. Attractive and primed with optional EndSeal for improved protection from moisture.

- Standard brickmould profiles available. Miter cut and available in all lengths.
